Professional Summary

I'm Mugilan M, a 4th-year B.Tech student in Artificial Intelligence and Data Science at Velammal Institute of Technology. Having successfully completed 6 semesters and currently in my 7th, I have built a strong foundation in AI, machine learning, and data analysis. I am actively seeking an internship to gain practical experience, apply my knowledge in real-world scenarios, and contribute to innovative projects

Skills

- Programming & Web: HTML, CSS, JavaScript, React.js, Node.js
- Database & Tools: SQL, Microsoft Excel
- AI/ML: Python, Machine Learning

Key Achievements

Smart India Hackathon 2024

Developed wearable sensor technology integrated with AI to enhance safety measures for women and vulnerable groups

MSME 2024

Created a prototype for a secure and efficient health record-sharing system to improve medical data accessibility

Projects

Music Recommender System

Developed an AI-based music recommendation system using Python and Machine Learning techniques to provide personalized song suggestions based on user preferences and similarity analysis.

Explanify

Developing Explanify, an AI-powered task and project management platform for individuals, teams, and startups. The platform uses Explainable AI to help users schedule, prioritize, and manage tasks while clearly explaining the reasoning behind AI-generated decisions. It focuses on improving collaboration, workflow coordination, and productivity through transparent AI recommendations. Currently, I am building multi-tenant SaaS features, project management capabilities, team collaboration tools, and AI-powered coordination features to support growing teams and startup environments.

Education

Velammal Institute of Technology

2023 - 2027

B.Tech Artificial Intelligence and DataScience

CGPA: 8.12

Certifications

- Completed multiple AI and Generative AI certifications from Infosys covering GPT models, Prompt Engineering, AI-first Software Engineering, and Machine Learning using Python.
- Earned the "Career Essentials in Data Analysis" certification by Microsoft and LinkedIn.
- Currently pursuing Full Stack Web Development training through Udemy.
